

ECOS Pre-Fellowship Survey for teachers

As part of the NSF requirements for program assessment, we request that you complete the following survey. **Your name and personal information will not be associated with your individual responses.** The survey responses will be aggregated and data will be summarized. The results will be shared with the program directors as well as the NSF as part of the program assessment activities. When you have completed the survey, please return it to Carol Brewer. Thanks you for taking the time to participate in this important assessment activity. The estimated time to complete this survey is 30 minutes.

How did you learn about the ECOS Program?

What aspects of your previous training/experience do you think are going to be particularly useful as an ECOS teacher?

What types of background/course work or experience do you wish you had as preparation for as an ECOS Teacher?

What do you hope to gain by participating in the ECOS Program?

What are the greatest opportunities for integrating outdoor ecological investigations into your curriculum?

What habitats and special features of your schoolyard will facilitate teaching and learning about ecology?

What will be the greatest obstacle for integrating outdoor ecological investigations into your curriculum?

As of today, what do you foresee as your greatest need(s) for bringing outdoor ecological investigation into your classroom next year?

How can the ECOS fellow make the greatest contribution in your classroom and at your school next year?

What questions about the program would you like to have answered within the next week?

Other comments or questions?
