June Nature Observations

JUNE

SUN	MON	TUES	WED	THURS	FRI	SAT
	Look for flowering Oregon fleabane and Snowberry				1 	2
3	4	5	6 Jupiter at its closest to Earth 	7	8	9
10 E.O. Wilson born (1929)	11 John Audubon born (1785)	12	13	14	15	16
17	18	19	20	Summer Solstice, longest day of the year	22	23
24	25	26	27	28	29	30 

Look for ladybugs in their 3 life stages in the late Spring and early Summer! Ladybugs lay eggs in aphid colonies, the larvae can eat about 400 aphids and an adult can eat about 300!
